*A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

Red Deer Press, United States, 2011. Paperback. Book Condition: New. 190 x 130 mm. Language: English . Brand New Book. Monica Hughes Award for Science Fiction and Fantasy winner, 2012What if the world wasn't like what you were taught to believe? Would you want to know? Are the consequences of challenging authority worth it if they lead to the truth? Katherine lives in a post-apocalyptic community living in complete isolation. Her town is austere, run by utopians who have created a strict paternalistic order. Knowledge and the search for truth are not permitted. Katherine wants to find out what happened to Serenity, a little girl who has disappeared from the community, but when she breaks out, what she discovers is anything but what she expected. This haunting story about growing up and searching for truth will challenge young readers notions about knowledge, the search for truth, and the fight for freedom.
