Palgrave Macmillan. Hardcover. Book Condition: New. Hardcover. 222 pages. Dimensions: 8.4in. x 5.6in. x 0.8in. In *The Ends of Philosophy of Religion*, Timothy D. Knepper advances a new, historically grounded and religiously diverse program for the philosophy of religion. Knepper first critiques existing efforts in analytic and continental philosophy of religion for neglect of diversity among its objects and subjects of inquiry, as well as for failing to thickly describe, formally compare, and critically evaluate historical acts of reason-giving in the religions of the world. Kneppers timely and insightful book outlines these broad and deep changes that have yet to be acknowledged by practitioners from both the analytic and Continental schools. Nick Trakakis, Assistant Director of the Centre for the Philosophy and Phenomenology of Religion, Australian Catholic University, Australia Those of us who believe philosophy of religion should be about religion in all its complexity and diversity will welcome this book with relief. Knepper attacks the...
