*A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

Dimensions: 10.0in. x 7.0in. x 0.8in. *The Montessori Method*, By Maria Montessori, New Complete Edition, Montessori education is an educational approach developed by Italian physician and educator Maria Montessori and characterized by an emphasis on independence, freedom within limits, and respect for a child's natural psychological, physical, and social development. Although a range of practices exists under the name Montessori, the Association Montessori Internationale (AMI) and the American Montessori Society (AMS) cite these elements as essential: Mixed age classrooms, with classrooms for children aged 2 or 3 to 6 years old by far the most common, Student choice of activity from within a prescribed range of options, Uninterrupted blocks of work time, ideally three hours, A constructivist or discovery model, where students learn concepts from working with materials, rather than by direct instruction, Specialized educational materials developed by Montessori and her collaborators Freedom of movement within the classroom, A trained Montessori teacher, In addition, many Montessori schools design their programs with reference to Montessori's model of human development from her published works, and use pedagogy, lessons, and materials introduced in teacher training derived from courses presented by Montessori during her lifetime. This item ships from La Vergne, TN. Paperback.
