Inner Traditions Bear and Company. Paperback. Book Condition: new. BRAND NEW, **The Sacred Science of Ancient Japan: Lost Chronicles of the Age of the Gods**, Avery Morrow, In Japan there are roughly two dozen secret manuscripts originally dating back to the paleolithic era, the age of heroes and gods, that have been handed down by the ruling families for centuries. Rejected by orthodox Japanese scholars and never before translated into English, these documents speak of primeval alphabets, lost languages, forgotten technologies, and the sacred spiritual science. Some even refer to UFOs, Atlantis, and Jesus coming to Japan. Translating directly from the original Japanese, Avery Morrow explores four of these manuscripts in full as well as reviewing the key stories of the other Golden Age chronicles. In the Kujiki manuscript Morrow uncovers the secret symbolism of a Buddhist saint and the origin of a modern prophecy of apocalypse. In the Hotsuma Tsutaye manuscript he reveals the exploits of a noble tribe who defeated a million-strong army without violence. In the Takenouchi Documents he shows us how the first Japanese emperor came from another world and ruled at a time when Atlantis and Mu still existed. And in the Katakamuna Documents the author unveils the sacred geometries of the universe from the symbolic songs of the 10,000-year-old Ashiya tribe. He also discusses the lost scripts known as the Kamiyo Moji and the magic spiritual science that underlies all of these texts, which enabled initiates to ascend to higher emotional states and increase their life force. Taking a spiritual approach a la Julius Evola to these "parahistorical" chronicles, Morrow shows how they access a higher order of knowledge and demonstrate direct parallels to many ancient texts of India, Europe, and Egypt.
