

The Strategy Gap: Leveraging Technology to Execute Winning Strategies

By Michael Coveney, Dennis Ganster, Brian Hartlen, Dave King

John Wiley and Sons Ltd. Hardback. Book Condition: new. BRAND NEW, The Strategy Gap: Leveraging Technology to Execute Winning Strategies, Michael Coveney, Dennis Ganster, Brian Hartlen, Dave King, With shortened business cycles, increased competition, and rapidly changing technologies, companies need to be more nimble than ever. They must narrow the gap between strategy formulation and operation execution to guarantee success. The Strategy Gap will provide a framework that senior financial managers can use to ensure that their strategies are implemented successfully and that their corporations remain competitive. Filled with informative case studies and best practices for optimum financial processes, this valuable resource will help managers leverage information technology to successfully implement corporate strategies. This book also shows managers how to eliminate surprises in poorly managed or unforeseen activities, while applying new approaches to financial management for faster and more accurate business modeling. Expert advice from those who have used these strategies clearly explains how to integrate planning, budgeting, consolidation, and reporting into one cohesive management system. Michael Coveney is senior director of strategy management and spearheads Comshare's successful best practices consultancy, helping enterprises improve the efficiency and effectiveness of their corporate performance management processes. Brian Hartlen is Senior Vice President...

Reviews

This book is definitely worth acquiring. I have gone through and so I am certain that I will likely to read through again again in the future. Its been printed in an exceptionally basic way in fact it is only after I finished reading this publication in which actually altered me, change the way in my opinion.

-- Andres Bashirian

Comprehensive guide for publication fanatics. This really is for all who state there had not been a well worth reading through. I discovered this ebook from my dad and I encouraged this book to find out.
