Reviews

Here is the finest ebook i have got read until now. It really is simplistic but excitement within the 50 percent in the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Createspace, United States, 2014. Paperback. Book Condition: New. Large Print. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Principles for purpose-Driven Learning is written to facilitate the orientation process for teachers, parents and students in the choice of courses and in setting career goals. It will equally provide education policy makers, education activists, lecturers, teachers/teacher trainers at all levels sort and fill loopholes in dealing with a purpose oriented courses delivery in the classroom and curricula design. Development and Humanitarian Organisations, Community-Based Organisations and stakeholders promoting development oriented content will find this book an invaluable resource with a balanced approach to orientation, therefore facilitating their integral role in advocating life skills and capacity building in their community service. It is intended to serve as a tool for actors seeking to provide solutions to heal wounds at individual and community levels. Above all this book is a must read for everyone struggling to locate a life goal and achieve his/her dream. I recommend it to all secondary, high school and university students grappling with the choice of what to study. It will help them match their passion with right courses and specialisations that are in line with their purpose in life. Principles for purpose-Driven Learning will probably help developing countries redeem the time lost in initiatives that are less sustainable in development efforts due to disoriented and less focused manpower.
